Dear Mr Dorrell

Just a line to say how pleased we are with the appearance of our floor in "Centre Space" here at this old building following the refurbishment carried out by your three operatives earlier this month. This is a Grade 2 listed Victorian building and the floor is a very important feature both in terms of its appearance and of course as a useful source of income to the project as it is used each weekday evening for dance and music classes.

From the outset, when we first used your Company in 2008 for the initial major refurbishment, and now again, we were anxious to preserve the original appearance, as much as is possible with a floor which is 130 years old. We had no wish to try to re-invent ourselves as a modern sports hall and I believe your skilled workers have produced just the right finish.

Thanks also to Jacquie who was able to schedule the work over the holiday period so that disruption to our work here was kept to an absolute minimum.

We would be pleased to recommend your services to other potential customers and happy for them to visit the Angel Centre to see the result for themselves.

Mike White,
Centre Manager.
